

**UX Designer**

(UX)

**The Opportunity**

Interamerican, member of Achmea Group (NL insurance company) offers excellent career opportunities providing a challenging, fast growing and agile working environment.

In Interamerican you will be given the chance to familiarize with new ways of working, be a member of agile, cross-functional teams, and develop your people and communication skills as well.

We are currently seeking to employ a talented and highly-motivated **UX Designer** to join the Customer Experience & Engagement Chapter, supporting the teams of Mobility & Convenience Tribe and Health & Financial Future Tribe.

The role calls for a key player to participate in the company's customer journeys and make the user's interaction as simple and efficient as possible. Among others you will be responsible for improving and evaluating the usability, usefulness and desirability of a product or service, as well as developing and sharing knowledge with relevant internal stakeholders.

**Knowledge**

- Diploma or Bachelor's degree in Design or Human Computer Interaction or in any other relevant field
- 5+ years of UX design experience designing solutions for complete digital environments & ecosystems
- Excellent knowledge and understanding of how digital and web technologies work and their limitations but also excellent knowledge of best practices and trends on how to apply design into technology
- Advanced knowledge of UX Design and Research activities such as usability studies, Information Architecture Design and moderated / unmoderated physical / remote user te. Advanced understanding of user-centered design (UCD)
- Strong HTML5 CSS JavaScript coding skills will be considered an asset
- Excellent knowledge of English Language

**The company offers:**

- Competitive remuneration package
- Great career development opportunities, including working with new ways and applying agile principles and methodologies
- Group Medical Insurance and Pension scheme
